AZAZEL

Azazel was one of the most powerful demons in existence. A trusted servant of Lucifer, he ruled Hell in his master's place. Regardless of which host Azazel possessed in the physical world, his eyes shone with a feral yellow light--a trait no other known demon has exhibited, until recently.

Our mother, Mary--Mary Campbell, back then--made a deal with Azazel in order to save our father's life. Azazel had possessed her father, Samuel, and killed her mother. He killed our dad, and he offered our mom a deal: He would bring Dad back to life if he could enter Mom's home in exactly ten years. Mom agreed, and Dad was saved. Ten years later, Azazel visited me as a baby and fed me his blood, turning me into one of his "special children": suitable vessels for Lucifer. It was all part of his plan to free his master and usher in the Apocalypse.

Azazel killed my mother when she tried to save me, and he also was responsible for the death of my college girlfriend Jessica. My father, brother, and I spent years trying to track down the bastard, and in the end Dean killed Azazel by shooting him with the Colt.
